PEARLS for earring

**A Musical Evening
celebrating the paintings
of Vermeer**

Vermeer's pictures are filled with scenes showing people making music. So what musical pearls might this young lady be listening to?

Peter Medhurst's intriguing presentation looks at the musical aspects of Vermeer's paintings and is enhanced by instrumentalists and singers performing contemporary music and using replicas of instruments that appear in the paintings.

with

PETER MEDHURST - harpsichord & virginals

Hannah Ockendon - soprano
